SUBHAM DAS

WEB DEVELOPER

PROFILE

I'm a frontend developer with 3+ years of experience in developing visually appealing and user-friendly websites. I'm proficient in HTML, CSS, and JavaScript, and have experience working with bootstrap frameworks. I'm committed to creating responsive designs for different devices and ensuring web accessibility standards and best practices are met. In my previous role, I led a successful website redesign project that improved user engagement by a good margin. I'm excited about the opportunity to join this team and contribute my skills to develop innovative and effective digital solutions
